Subject: Microsoft Settlement

To Whom This May Concern:

I believe that the terms of the settlement are tough on Microsoft and may hurt it's revenues. This company has been an innovator in the technology field and has played a key part in the technology revolution.

The settlements are fair and reasonable to all parties, and meet - or go beyond -- the ruling by the Court of Appeals, and represent the best opportunity for Microsoft, the industry and the economy to move forward.

Thanks for your time in this matter,

Christopher J. Donahue
